

MULTIPLIER EVENT (E2)

Future-oriented curricula to sustain the transformational change of technological progress

ACADEMIA, College of Short-Cycle Higher Education,

20 September 2022, Maribor /Slovenia

INVITATION

We are delighted to invite businesses, civil society and adult education sectors, students, academics, and teachers, to take part in the event "Future-oriented curricula to sustain transformational change of technological progress ", organized through the ERASMUS+ project 2020-1-RO01-KA203-080019- „*Transnational cooperation initiative fostering developing forward thinking skills of students, teachers and workforce in sustainability-relevant sectors posed by Business 4.0 trends through innovation in Business& Engineering education and training, " SMART skills 4.0"*.

The 2nd Multiplier Event, jointly organized by the ACADEMIA-College of Short-Cycle Higher Education-Maribor and University Politehnica of Bucharest targets HE students' teachers and practitioners from sustainability-relevant sectors.

The event is one intensive day of knowledge exchange between education, training and local stakeholders accelerating the circulation of good practices and results centred on the concept of sustainable development of Business 4.0 through the benefits of ICT-based tools. It promotes the European initiatives for comprehensive learning curricula with embedded sustainability-related outcomes which multiply the digital, cognitive and social educational components, improving the quality of teaching, and making the learning curricula more directly relevant to current and future societal needs.

The objective is to dissemination results from project partners' activities and find new solutions:

- To spread out the Future-Oriented Curricula for digitization of workspace and Business 4.0
- To embed learning outcomes in the subjects of economic, environmental, and social responsibilities
- To facilitate innovation in Business & Engineering education and training in new Business 4.0 trends

The event will take place on **20 September 2022**, between 9.00 and 17.00 in the building of ACADEMIA- Maribor/ Slovenia. For additional information about Multiplier Event implementation, please follow the site [events | My Site - SMARTskills4.0](#) contact person Daniel Perdiguero, International Office | Media Staff at daniel.perdiguero@academia.eu.

You are welcome!
