

## MULTIPLIER EVENT (E4)

# Leveraging digital technologies for better skills

Panepistomio Dytikis Attikis/ University of West Attica, Greece

7 June 2023, Athens / Greece

## INVITATION

We are delighted to invite businesses, civil society and adult education sectors, students, academics, and teachers, to take part in the event " **Leveraging digital technologies for better skills** ", organized through the ERASMUS+ project 2020-1-RO01-KA203-080019- „*Transnational cooperation initiative fostering developing forward thinking skills of students, teachers and workforce in sustainability-relevant sectors posed by Business 4.0 trends through innovation in Business& Engineering education and training, " SMART skills 4.0"*.

The **4<sup>th</sup> Multiplier Event**, jointly organized by the Panepistomio Dytikis Attikis/ University of West Attica and University Politehnica of Bucharest targets HE students and teachers and practitioners from sustainability-relevant sectors.

The **event organized in Athens / Greece aims** to facilitate the circulation of good learning practices gained by pilot testing sessions of Educational Initiative contributing to a strengthened educational learning environment. It ensures a useful dissemination platform of collaborative learning sessions with students and practitioners to foster forward-thinking skills posed by Business 4.0 trends.

The **objective** is to disseminate results from project partners' activities and find new solutions:

- ✘ The IO4 aims to facilitate innovation by means of synergies across different learning contexts and sustainability topics.
- ✘ From pilot courses of Educational Initiative that equipped the TG learners with digital, cognitive, and social skills
- ✘ The future-oriented curricula embedded in the Educational Initiative created the most innovative learning practices.

The **event will take place**, between 9.30 - 17.00, in the main hall, in Panepistomio Dytikis Attikis/ University of West Attica, Athens.

For additional information about Multiplier Event implementation, please follow the site [events | My Site - SMARTskills4.0](#) or faculty local display panel, contact person: **Dr Andreas ALEXOPOULOS** at [a.alexopoulos@uniwa.gr](mailto:a.alexopoulos@uniwa.gr)

You are welcome!
